

# Simplicity Plus BIN LIFTER

A battery operated hydraulic push button unit that aids in the lifting and emptying of wheelie bins into dumper bins.

The ideal unit for heavy weight and frequent lifts. The push-button operation eliminates the manual handling and associated risks of lifting bins.

Suitable for construction sites, apartment blocks, waste management companies, event organisers.

Made in Australia.

## Typical applications

Suitable for construction sites, apartment blocks, waste management companies, event organisers.
