HANDY HINTS WHEN SPRAYING KAMBA M

DO NOT USE ON BUFFALO GRASS, LIPPIA OR STRAWBERRY CLOVER

FOR BEST RESULTS

- Spray your lawn when weeds are young and actively growing.
- Do not mow turf for at least 2 days before or after application.
- Do not spray within 4 hours of rainfall or general watering.
- Do not spray when weeds are wet with dew or rain.
- Do not spray if soil fertility is low or if soil is water logged.
- Do not spray weeds under stress (heat or water logging etc).
- Ensure thorough wetting of all weed foliage.
- Do not fertilise turf for 2 weeks after spraying.
- Do not allow grazing stock onto sprayed area for 7 days after application.
- Keep domestic animals off the treated area until product has dried.

SPRAYWISE APPLICATION TIPS

- Do not spray during windy conditions.
- Do not allow spray to contact any non-target plants.
- Do not apply over root zones of non-target plants.

CLEAN-UP AFTER SPRAYING

Thoroughly rinse and clean application equipment after use.
Follow label directions for safe handling, storage and disposal.

ALWAYS READ THE LABEL
