EnviroDye Red

LIQUID MARKING DYE

Active Constituent: 280g/L Direct Red 254*

A liquid marking dye for non-crop use with certain herbicides to identify sprayed areas as per Directions For Use Table

SST AUSTRALIA PTY LTD
ACN 052 845 833

4 / 97 Bayfield Road East, Bayswater Victoria 3153
Phone (03) 9720 6306

1 Litre
500 ml
250 ml

DIRECTIONS FOR USE:

SPRAY MARKING: Suitable for non-crop use with phenoxy and glyphosate herbicide spray solutions to enable clear identification of sprayed areas.

RESTRAINTS: Do not use for Broadcast or Airblast application.
Do not apply to crops producing food for human or livestock consumption.

RATE OF APPLICATION:

RATE	VOLUME	CRITICAL COMMENTS
5 - 15 ml	per 10 Litres of spray solution.	Rate depends on spray volume applied. Typically use the lower rate with high spray volume or on pale surfaces. The higher rate may be required with lower spray volume or to mark deep green surfaces.
50 - 150 ml	per 100 Litres of spray solution	

NOT TO BE USED FOR ANY PURPOSE OTHER THAN INDICATED ON THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

Envirodye Red is a liquid marking dye to assist in clearer identification of sprayed areas. Typically used for marking spot sprays, council / municipal weed control and fence lines to prevent over application or missed areas left untreated. EnviroDye Red is generally compatible with phenoxy and glyphosate herbicides.

MIXING INSTRUCTIONS

When opening the container, dispensing and mixing the product wear overalls with long sleeves, a face shield and gloves. To achieve thorough mixing premix EnviroDye Red with water in ratio 1:10 before addition to spray tank or knapsack. Add premix solution to spray tank first and follow with water to half fill tank. Add other ingredients under agitation followed by water to top up tank. Wash out all spraying equipment thoroughly after use as product residue can cause discolouration of subsequent sprays.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL

Storage: Keep out of reach of children. Store in closed, original container in a well-ventilated area, as cool as possible. Do not store for prolonged periods in direct sunlight

Disposal: Triple - rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility.

APVMA Approval No.: 67770/62446
Batch No.
Dom:

Disposal (Contd)

If an approved waste management facility is not available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, State or Territory government regulations. Do not burn empty containers or product.

SAFETY DIRECTIONS

May irritate the eyes and will stain the skin. Avoid contact with eyes and skin. When preparing product for use, wear elbow length PVC gloves, overalls and face shield. After use and before eating drinking or smoking, wash hands arms and face thoroughly with soap and water. Do not swallow. Do not Inhale spray mist. If product on skin immediately wash area with soap and water. If in eyes wash out immediately with water. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. Wear protective gloves when mixing or using.

FIRST AID

If poisoning occurs, for advice contact a Poisons Information Centre (Phone Australia 13 11 26; New Zealand 0800 764 766 or a Doctor at once). If swallowed, do not induce vomiting.

If swallowed, do NOT induce vomiting. If in eyes, wash out immediately with water. If skin or hair contact occurs, remove contaminated clothing and flush hair and skin with running water. **MATERIAL SAFETY DATA SHEET**

Additional information is listed in the Material Data Sheet which is available from the supplier.
